Lesson 3 - What Does Your Pony Use?

1. Legs	To stand, walk, run and move
2. Eyes	To see
3. Ears	To hear and communicate
4. Nose	To smell and breathe
5. Tail	To swish away flies and help communicate
6. Neigh	To communicate/call

Lesson 4 - Your Pony's Day

1. When does a pony eat?	Throughout the day and night; ponies naturally graze little and often.
2. When does a pony drink?	Whenever thirsty; clean fresh water should always be available.
3. When does a pony run?	When playing, exercising, moving with the herd or reacting to something.
4. When does a pony sleep?	At different times, in short periods; ponies can doze standing and lie down for deeper sleep.
5. When does a pony play?	Often when relaxed, comfortable and socialising.
6. When does a pony neigh?	To communicate, for example when calling to another horse or pony.

Parent note: For open questions, accept simple age-appropriate answers that show the child understands the idea.
