☐ A. Protein ☐ B. Fat ☐ C. Fibre

6. How big is a 'hand' when measuring a pony?

☐ A. 1 metre ☐ B. 10 cm ☐ C. 4 inches

PONY PAL BRAIN POWER

Don't forget, Pony Pals: your mind learns through repetition. Read each question, say the correct answer out loud and repeat it **3 times**.

Why do this? Because your knowledge will help you care for your pony and keep them strong and healthy.

Well done, Pony Pals!

PONY PAL CLUB

Lesson 2: Inside Your Pony

Ages 8-11

| Learn - Repeat - Remember

Name: _____

Date: _____

1. What is your pony?

■ A. A reptile ■ B. A mammal ■ C. An amphibian

2. Name three systems in your pony's body. For example, your pony thinks, feels and reacts through the nervous system.

3. Do all the systems in your pony's body work together or separately?

4. Name the four different paces (gaits) your pony has.

5. Name two parts of a pony's foot.

6. Name two joints in a pony's body.

PONY PAL BRAIN POWER

Don't forget, Pony Pals: your mind learns through repetition. Read each question, say the correct answer out loud and repeat it **3 times**.

Why do this? Repetition is the key to learning, helping you become smarter and more confident, Pony Pals.

Good job, Pony Pals!

PONY PAL CLUB

Lesson 3: Pony Care

Ages 8-11

| Learn - Repeat - Remember

Name: _____

Date: _____

1. Name three more systems in your pony's body.

2. Why is it important to keep your pony's feet clean?

3. What does the frog in your pony's foot do?

4. How often should you groom your pony?

5. Name three reasons why you should groom your pony.

6. When should you clean your tack?

SAY IT WITH ME!

Don't forget, Pony Pals. Say it with me: **"My mind learns through repetition."** Read each question, say the correct answer out loud and repeat it **3 times**.

Why do this? Because you are training your brain to become strong and smart.

Super job, Pony Pals!

PONY PAL CLUB

Lesson 4: Hooves, Tack & Memory Challenge

Ages 8-11

| Learn - Repeat - Remember

Name: _____

Date: _____

1. List two reasons why you should clean your tack.

2. Why should you use clean brushes when you groom your pony?

3. Why do you put hoof oil on your pony's feet?

4. How often should you have your pony's feet trimmed?

5. Why do you have your pony's feet trimmed?

6. If your pony wears shoes, why might they need them?

What do you want to become?

PONY PAL MEMORY CHALLENGE

After repeating your answers **3 times**, tell me: why do we repeat things?

Now go back to **Lesson 1** and test your memory. What can you remember without looking?

If you get something wrong, that's OK. A basketball player sometimes misses a basket, but do they give up? No - they keep practising! Tell yourself: **"I CAN DO THIS!"**
